PROJECTS

TESLA CLONE
- Revamped a user interface similar to Tesla's, employing a mix of web development tools, such as HTML, CSS, JavaScript, Bootstrap 5, and React. This effort resulted in a more appealing and user-friendly interface.
- These combined technologies allowed you to introduce an interactive and responsive design, enhancing your web development skills and offering a more engaging user experience.
- This achievement has translated into a 25% improvement in overall user interface usability and visual appeal, showcasing your growing proficiency in web development.

ZIPPY
- Tools, Libraries, Framework: Bootstrap, React, Android Studio, Visual Studio Code, Node, MongoDB Tesla Clone [Link]
- Built using HTML, CSS, and JavaScript for seamless browsing experience. Integration of Razorpay API for secure payment gateway.
- Learn about our mission, projects, and ways to support our cause.

EXPERIENCE

Frontend Developer
The Sparks Foundation
📅 03/2023 - 04/2023   📍 Delhi
- Successfully implemented the Razorpay API to design a secure and efficient payment gateway.
- Utilized HTML, CSS, and JavaScript to prepare a robust payment gateway

STRENGTHS

⭐ **Problem Solving**
As a software developer, I have honed my problem-solving abilities through academic projects and personal coding challenges.

⚡ **Project Management**
Gained experience in managing academic and personal projects by planning, organizing, and prioritizing tasks to meet deadlines.

🚩 **Innovation**
A creative problem-solver with a passion for exploring new ideas and technologies. Able to think outside the box to find efficient and unique solutions to challenges.

KEY ACHIEVEMENTS

⭐ **Certificate of Participation**
[Cisco Network Security vs Ethical Hacking] *[NETWORK BULLS]* | *MAY, 2023*
Participated in virtual workshop on "Cisco Network Security vs Ethical Hacking"

⭐ **Academic Excellence**
Achieved a high GPA in higher education, demonstrating strong academic performance and dedication.,
